Background Check Statement of Understanding

The Arkansas State Board of Nursing (ASBN) requires that each student is made aware of potential bars to licensure. Each student is required to read the Nurse Practice Act ACA §17-87-312, and complete a signed statement form stating they have read ACA §17-87-312 and understand that graduating from a nursing program does not assure ASBN’s approval to take the licensure examination.

I have read the ASBN Nurse Practice Act ACA §17-87-312, and I understand that graduating from a nursing program in Arkansas does not assure ASBN’s approval to take the licensure examination.
